

With 2.4 GHz Radio Frequency technology, the Adesso iMouse™ E20 can provide you with wireless convenience and the freedom of a smooth connection without tangled cables for up to a 30-foot range.

The special ergonomic vertical design with a soft rubber grip offers a unique and comfortable user experience. Three convenient buttons on the side allow intuitive control for faster back and forward browsing navigation. Plus there are four levels of DPI (400/800/1600/3200) available.

An On/Off switch helps to conserve battery power, and an indicator light lets you know when it is time to replace your batteries. iMouse™ E20 comes with a mini USB receiver that connects automatically without any hassle.

■ 2.4 GHz RF Wireless Technology with On/Off Switch

This mouse works at any angle with a range of up to 30 ft. with no wires to get tangled. The On/Off switch helps conserve battery power plus the low battery indicator helps you know when it is time to change batteries.

■ Ergonomic Vertical Design

The vertical design provides better support for your forearm minimizing wrist pain that can come from twisting.

■ Adjustable DPI Switch and Back/Forward Buttons

Easily switch from four levels of DPI: 400/800/1600/3200, and access to back/ forward navigation shortcut without driver.

■ Plug-and-Play

Simply plug the mini USB receiver into a USB port and you will be up and running. No drivers required, works with Windows or Mac OS.
