Back / Fwd Browser Buttons

Ergonomic Design

2.4GHz RF Wireless Technology

Enhanced Optical Engine

### ■ Back / Forward Browser Buttons

Browse your computer's files, or the internet more conveniently with the iMouse's built-in Back & Forward buttons. Simply push a button to go back to the previous window or page or to go forward to the next page. Convenience is built into the iMouse E55.

### ■ Ergonomic Vertical Design

The vertical design provides better support for your forearm, minimizing wrist pain that can come from twisting. Our vertical ergonomic model helps you achieve a more natural grip, better support, and natural wrist position. With our sleek design and added support, the Adesso Vertical Ergonomic iMouse E55 is perfect for long hours of use.

### ■ 2.4 GHz RF Wireless Technology with On/Off Switch

This mouse works at any angle with a range of up to 30 ft. with no wires to get tangled. The On/Off switch helps conserve battery power plus the low battery indicator helps you know when it is time to change batteries.

### ■ Enhanced Optical Engine

The mouse's enhanced optical engine of 1000 DPI allows your device to work with improved speed, accuracy, and reliability.
