

The stylish design of this mini keyboard compliments any desktop or laptop. Users can connect with their PC through a USB connector, without the hassle of installing a driver. Users can take pleasure in typing in comfort with membrane keys whether working or playing online games. It includes an embedded numeric keypad, LED indicator for num lock, caps lock and scroll lock keys. With its smooth and sleek surface this is a perfect selection that will look impressive on any desk space

■ Space Saving - Less Than 12" Wide

The mini size keyboard is less than 12" wide, and is an impressive space saver for desktops in homes or offices. It is ideal for use in POS, kiosks, warehouses, manufacturing environments, or in any small working area

■ Mini Keyboard Featuring 78 Keys

The mini size keyboard is designed with 78 keys, and is equipped with an embedded numeric keypad, featuring a Num Lock, Scroll Lock and Caps Lock LED display.

■ Membrane Key Switch for Fast & Quiet Typing

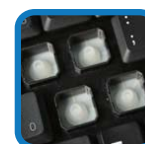

The membrane key switch features more than a five million lifecycle, and is designed with a silicone rubber material, which can reduce noise when typing, offering a faster and quieter typing experience.
